THE HALIFAX BRIDGE OF CONCRETE.

Representative Alexander Wants To Meet People Of Daytona, Seabreeze, Daytona Beach

NAME A TIME AND PLACE.

Representative Jas. E. Alexander hasn't forgotten that a trio of the prettiest and best towns on the East Coast are in dire need of a big, modern, artistic, pleasing concrete bridge, with graceful arches and overhanging sidewalks, built to withstand the storms and wear of ages, in the chief need, the sine qua non, and Mr. Alexander desires an opportunity to discuss the question personally with the people of this district.

Looking toward such meeting, Mr. Alexander addresses the editor of the Daily News as follows:

"I'll say to the good people of Daytona, Seabreeze and Daytona Beach that I would like to meet them at any time and place between now and April 1, and discuss with them the free bridge proposition, which I hope and expect the next Legislature to give them.

"I shall do everything in my power to accomplish the above result. The people of the East Coast have a friend in me, and I shall do everything possible for their prosperity and advantage.

"Yours truly,

"J. E. ALEXANDER."

It is less than two weeks now till April 1st. Wouldn't it be a good idea for those interested in the concrete bridge scheme to get together, name a time and place, and communicate with Mr. Alexander at once?

There are others, likely, beside Mr. Alexander, who would be glad of the opportunity of discussing the bridge question before their fellows.

By all means bring the Representative near; he'll do you good, and a whiff of ocean air and the sight of your fliers, both terrestrial and aerial, will do him good. The opportunity for the exchange of such reciprocal enjoyments should not be missed.

CARLETON AT PALMETTO CLUB

All hearts warm at the memory of Joseph Jefferson, the great actor, whose geniality on and off the stage was one of the great charms, and how fitting is the proposed monument to his memory. Carleton, the eminent operatic baritone, whose name is a household word from Maine to California, will give a song recital at the Palmetto Club on Saturday evening, 20th inst, consisting of Irish, Scotch, English and Welsh songs and a selection from the Barrack Room Ballads of Rudyard Kipling set to music by Walter Damrosch, and other eminent musicians. Mr. Carleton will also recite an original poem by Joseph Jefferson and tell anecdotes of his stage career, ending with the last words he spoke in the character of "Rip." NO VERDICT IS EXPECTED.

[By United Press]

NASHVILLE, Tenn., March 18.—Failing to reach an agreement after twenty-four hours the jury in the Cooper-Sharp murder case reported to Judge Hart this morning that they were so divided that a verdict is hardly likely. The Court announced his intention of keeping them together for a week or two in the hope of reaching a verdict.

As eleven of the jury are farmers and the time for spring work near, the court's determination may influence an early verdict. Should the verdict be adverse to the defendants the court's action may be a vital issue in the appeal that is sure to be taken.

WILL GO TO DAYTONA BEACH

The Lyceum Comedy Company, after completing the week here will remove to Daytona Beach, where they will play all of next week, having secured the privilege of erecting their tent on a lot on Grandview, just north of Seabreeze on Grandview. This tent, which is a new one, they will then have thoroughly waterproofed, in case of rain, and they will also add their two thirty-foot extensions to the tent which they have not been able to use here, giving them a seating capacity of 1,000.

Last night they played "Kit Carson" to a large and appreciative audience, while tonight they will give that old, but still new story of "East Lynn." Friday night they will put on a three-act musical comedy entitled, "How Wives Fool Their Husbands."

The seating capacity of the tent has been somewhat increased and they have made preparations to warm the tent if the weather continues cool enough to require it.

GOLFING YET, SO THEY SAY.

Editor Daily News:

Is your paper of the 16th you ask "has the season closed at Palm Beach?" Far be it from closing, for it just been and is one of the best seasons Palm Beach has seen 'tad, and there are still enough people in one hotel at Palm Beach to fill up everything in Daytona, and with the finals of the Florida championship at golf, other sports open, such as tennis, fishing, yachting, motor boat racing, etc.

There are many left at Palm Beach who are waiting for the Daytona boat Constitution, which, like the town, is too small to take care of those here who would like to see Daytona before returning home. SIDNEY MADDOCK.

[Florida could use more hoodoos of the Maddock type. Glad to be assured that there is still good Yankee pickin' at P. B. Right you are that there are people enough in one hotel to fill up Daytona. It has kept Daytona guessing for some time to know the surging throngs of people who went to see the "prettiest city in Florida" without borrowing from her delightful neighbor on the south. If you could have seen the look of despair on faces as they drove from hotel to hotel to be informed "full house," you would agree that Daytona's season was to the good. HARRIMAN TO RETIRE?

HIGH SCHOOL VOTES HEAVY

The count of Wednesday evening in the Bush and Safford piano contest showed a remarkable vote, nearly 130,000 by the Daytona High School, while the Elks for the first time fell down, the Halifax Rifles stretching the lead they already have on the Antional Herd. The Colored Industrial school had an unusually large vote, about 24,000.

Outside of Daytona the Wilmans Opera House had the usual large vote, while both the Kingston and Seabreeze schools voted fairly heavy, the Seabreeze school being now in second place again.

"JOKER" FOR TARIFF BILL?

[By United Press.]

WASHINGTON, March 18.—The middle of June is generally predicted today as the time when the Payne Tariff Bill may reach President Taft for his signature.

Among the democrats, some cuts are to nullify, a "joker" is looked for in the bill. Among the republicans many expression of disappointment of the proposed cuts are heard, and a fund of amendments are expected from that source.

The general debate will begin Monday, and the program depends largely on the attitude of the democrats, as all, even Leader Champ Clark, were kept in complete ignorance of the bill before it was introduced by Payne. Their plan of campaign is not yet determined.

J. B. BEECHER PASSES AWAY.

Jeremiah B. Beecher died this morning at about four o'clock, of heart trouble, at his winter home on south Ridgewood avenue. Mr. Beecher had not been in good health for some weeks, but was not confined to the house, being about the city as usual only a few days ago.

Mr. and Mrs. Beecher, who are from New York, have been coming in Daytona during the winter for many years and have since erected a comfortable winter home on south Ridgewood avenue.

Their daughter and her husband Mr. and Mrs. Frank Soop, who have been with them during the winter, departed only last Saturday for their Brooklyn home, but may be interrupted by telegraph at Savannah and return.

WATER WORKS MAKING PROGRESS.

Bond Trustees Hold Session But Little Of Public Interest Transacted.

BONDS ARE TO BE SENT SOON.

The Bond Trustees held a meeting yesterday to pass upon certain business pertaining to the bond issue. There is no hitch anywhere in any of the proceedings. When you consider that Daytona is on the Southeast Atlantic, that the W. R. Compton Company, who were the successful bidders, are in the West, and that in all such transactions the "East" is necessarily reckoned with, and that there is almost endless "red tape," the public will let patience do her perfect work.

You will have better idea of the situation by reading a telegram received yesterday by Secretary F. N. Conrad: "I understand bonds were shipped yesterday. Full instructions regarding execution."

Signed, W. R. Compton.

A letter, also received yesterday, states that the company are doing all they can to hasten the delivery of the water works bonds. The treasurer of the company, Thos. N. Dysart, writes, sending the usual identification certification receipt for payment of purchase price, etc., with instructions to forward same to New York, when the bonds are executed and returned to the United States Mortgage and Trust Company for certification.

The bonds will be forthcoming in the next few days.

AN INVITATION TO NEIGHBORS.

The Racing Committee of the Automobile Club desire to extend to Ormond as well as Seabreeze and Daytona Beach an invitation to join in the automobile parade announced for Wednesday morning at 9 o'clock from the City Hall.

Get busy now and plan for the decorations for this spectacular feature of the races will be one of the most interesting events of the carnival week.

The Halifax River Bridge Company has generously announced that their bridge is free for the parade and you need not bother about your pocket change. Just dike out in flying colors and join the procession.

Take the precaution to send in your name to Chairman White of the racing committee and he will give you a number and assign you a position in the parade.

ST. PATRICK'S DAY ENTERTAINMENTS

In Which Bridge, Five Hundred, Etcetera, Were Happy Features.

SOME DECIDED SOCIAL EVENTS.

Among the most enjoyable social entertainments of the season the bridge party and luncheon, given yesterday by Mrs. Galen B. Seamen, at the delightful Seamen home, on South Ridgewood, was one of fleeting hours because of the good cheer and engrossing interest.

The charming hostess arranged six tables, bridge being the game, and the guests entered into the engaging pastime with an enthusiasm quite inspiring and contagious.

The first favor, a bunch of long-stemmed pansies, was justly awarded to Mrs. A. B. Foster; while the second favor, a bunch of violets, was captured by Mrs. A. H. Kling.

At one o'clock the guests were regaled with a delightful luncheon which was thoroughly enjoyed by everybody. The colors were green.

MRS. MURRAY B. AULTMAN.

Mrs. M. B. Aultman charmingly entertained yesterday afternoon from 2:30 to 5:30 o'clock. Her reception rooms were exquisite in decorations befitting the day and there was a distinctive springlike air about it all.

Mrs. Aultman chose as her diversion "500," and she made the afternoon speed as on wings so well did she plan and carry out the little program.

Each guest was presented a green flag and shamrock as favors.

The first prize fell to Mrs. J. D. C. Morris, while Mrs. M. B. Church was the lucky winner of the second.

The afternoon was pronounced one of the pleasant social events of the present season and Mrs. Aultman has placed her friends under renewed obligations for the St. Patrick Day entertainment with its refreshments so delightfully served.

MRS. E. L. POTTER.

One of the prettiest entertainments of the day and one that will linger long in the memory of the happy participants was a reception tendered her friends yesterday by Mrs. E. L. Potter, of Ocean boulevard, Seabreeze.

The reception was in honor of Mesdames P. H. Ingalls, of Hartford, Conn., and A. H. Imbusch, of Milwaukee, Wis.

Mrs. Potter received her friends at the Country Club, an ideal place for such a function, and the afternoon was all the charming hostess and her friends could ask for, everything conspiring to make the occasion the most pleasant.

EDWARD P. WESTON, FAMOUS PEDESTRIAN.

Edward Payson Weston, the veteran pedestrian, celebrated his seventy-first birthday by beginning a 4,000 mile walk. Weston's idea is to walk from New York city to the Pacific coast, believing that he can cover the distance in a hundred days.

VOLUSIA DEMANDS THE BEST.

Will Be Satisfied Only With a Curriculum Of The Highest Order.

SOME ODIOUS COMPARISONS.

* * *

From Superintendent Holloway's report we obtain certain data which explains why so many Volusia county teachers prefer to take the teachers' examination in St. Johns county.

In Volusia county, during the last two years, fifty-four applicants have taken the teachers' examination in and fifteen of them have failed to received any kind of a certificate; while during the same period, in St. Johns county, fifty-five have taken the examination and not a single applicant, white or colored, has failed to pass.

The above conditions have made it necessary for the Volusia County School board to pass a resolution that all persons who leave the county to take their examinations shall not be eligible to positions in the county.

To have no right to put poorly equipped teachers in charge of our schools. The boys and girls in the smallest school in the county have a right to the very best teacher that we can procure. Sometimes we cannot get reliable teachers, and sometime we are mistaken in those we do get; but it is our plan to give all of boys and girl "a fair deal" in getting an education. So we try to keep our standard of Teachers just as high as possible. If all our counties were as particular as we try to be, there would be fewer poor teachers scrambling around over the state. We always instruct our grading committees to guard the honor of the profession and the interests of the children by declining to license those who, evidently, are not qualified to teach.

We need a State Grading Committee. While these examinations are uniform there seems to be a great difference in the standard of excellence prevailing in the various counties.

The law provides that any person who is not satisfied with the grading of his papers can demand that they be sent to the State Superintendent and there be regraded by a special committee appointed by him. Any person who is looking for "a fair deal" will avail himself or herself of this privilege, instead of going to some county which is notorious for passing all applicants. Any one who knows anything about the examination knows that it is impossible for a grading committee to discriminate against any examiner, except for evident incompetence. And the person who makes such a charge and then fails to avail himself or herself of his privilege under the law is an arrant coward or a malicious deceiver. The grading committee has not the least idea whose papers they are grading until their work is completed, their report made out, and the grade of the certificate or failure of each examinee definitely marked; then for the first time they are given the names corresponding to the numbers on the papers.

The easy place to get a certificate simply indicates a low standard of excellence. Our teachers are expected, hereafter, to take the examinations in this county and so abide by our standards of efficiency, or else avail themselves of the legal recourse. We are tired of the whining of those who are afraid to walk up and "take their medicine." ***

When you consider that Daytona is on the Southeast Atlantic, that the W. R. Compton Company, who were the successful bidders, are in the West, and that in all such transactions the "East" is necessarily reckoned with, and that there is almost endless "red tape," the public will let patience do her perfect work.

You will have better idea of the situation by reading a telegram received yesterday by Secretary F. N. Conrad: "I understand bonds were shipped yesterday. Full instructions regarding execution." Signed, W. R. Compton.

A letter, also received yesterday, states that the company are doing all they can to hasten the delivery of the water works bonds. The treasurer of the company, Thos. N. Dysart, writes, sending the usual identification certification receipt for payment of purchase price, etc., with instructions to forward same to New York, when the bonds are executed and returned to the United States Mortgage and Trust Company for certification.

The bonds will be forthcoming in the next few days.

AN INVITATION TO NEIGHBORS.

* * *

The Racing Committee of the Automobile Club desire to extend to Ormond as well as Seabreeze and Daytona Beach an invitation to join in the automobile parade announced for Wednesday morning at 9 o'clock from the City Hall.

Get busy now and plan for the decorations for this spectacular feature of the races will be one of the most interesting events of the carnival week.

The Halifax River Bridge Company has generously announced that their bridge is free for the parade and you need not bother about your pocket change. Just dike out in flying colors and join the procession.

Take the precaution to send in your name to Chairman White of the racing committee and he will give you a number and assign you a position in the parade.

ST. PATRICK'S DAY ENTERTAINMENTS

In Which Bridge, Five Hundred, Etcetera, Were Happy Features.

SOME DECIDED SOCIAL EVENTS.

* * *

Among the most enjoyable social entertainments of the season the bridge party and luncheon, given yesterday by Mrs. Galen B. Seamen, at the delightful Seamen home, on South Ridgewood, was one of fleeting hours because of the good cheer and engrossing interest.

The charming hostess arranged six tables, bridge being the game, and the guests entered into the engaging pastime with an enthusiasm quite inspiring and contagious.

The first favor, a bunch of long-stemmed pansies, was justly awarded to Mrs. A. B. Foster; while the second favor, a bunch of violets, was captured by Mrs. A. H. Kling.

At one o'clock the guests were regaled with a delightful luncheon which was thoroughly enjoyed by everybody. The colors were green.

MRS. MURRAY B. AULTMAN.

Mrs. M. B. Aultman charmingly entertained yesterday afternoon from 2:30 to 5:30 o'clock. Her reception rooms were exquisite in decorations befitting the day and there was a distinctive spring-like air about it all.

Mrs. Aultman chose as her diversion "500," and she made the afternoon speed as on wings so well did she plan and carry out the little program.

Each guest was presented a green flag and shamrock as favors.

The first prize fell to Mrs. J. D. C. Morris, while Mrs. M. B. Church was the lucky winner of the second.

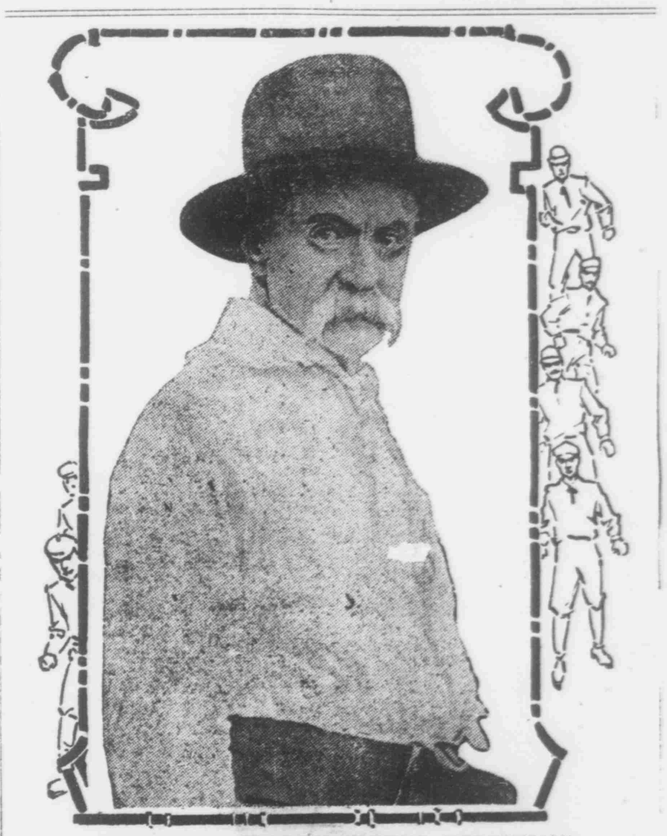
The afternoon was pronounced one of the pleasant social events of the present season and Mrs. Aultman has placed her friends under renewed obligations for the St. Patrick Day entertainment with its refreshments so delightfully served.

MRS. E. L. POTTER.

One of the prettiest entertainments of the day and one that will linger long in the memory of the happy participants was a reception tendered her friends yesterday by Mrs. E. L. Potter, of Ocean boulevard, Seabreeze.

The reception was in honor of Mesdames P. H. Ingalls, of Hartford, Conn., and A. H. Imbusch, of Milwaukee, Wis.

Mrs. Potter received her friends at the Country Club, an ideal place for such a function, and the afternoon was all the charming hostess and her friends could ask for, everything conspiring to make the occasion the most pleasant.



EDWARD P. WESTON, FAMOUS PEDESTRIAN.

Edward Payson Weston, the veteran pedestrian, celebrated his seventy-first birthday by beginning a 4,000 mile walk. Weston's idea is to walk from New York city to the Pacific coast, believing that he can cover the distance in a hundred days.

Seabreeze News

SEABREEZE, March 18.—Oranges were selling on the streets for 60 cents per 100 yesterday.

Mr. Osbelliner's new residence on the beach is ready for the plasterers.

The frame of Mrs. Bingham's bungalow, on Yallow street, is up and work is progressing rapidly.

Mr. and Mrs. Thomas Daugherty, of San Francisco, Cal., have leased the Babcock house, on Pinewood avenue, for a year. Mr. Daugherty is doing Mr. Marshuba's grocery work.

B. F. Martindale went to Sanford today.

Tom Daugherty is building a retaining wall on the Dr. Howard lot, Grandview avenue.

Mr. Wells has purchased two 25 foot lots on the ocean front, Grandview ave. The plat is being grubbed and graded, and later a cottage will be erected for the convenience of the family in enjoying the ocean.

August Schmidt, of Evansville, Ind., has purchased of M. D. Waggoner lot 7, block 20, on Halifax avenue, near University, a river front lot which includes a little over an acre of ground. Mr. Schmidt expects to build a substantial residence on this choice piece of property in time for next winter occupancy.

Among recent arrivals at the Princess Issena are F. T. Nobles, Mr. and Mrs. Clarence P. Smith, Rockford, Ill.; Isaac A. Stewart, DeLand; Miss Harriet Knickerbocker, Miss E. DuBois, A. C. DuBois, Mrs. K. C. DuBois, Washington, D. C.

The Right Mind Beats.

The Philadelphia Record quoted an observant street car conductor as to the effect that the right hand seats are always filled first. He could not account for this except on the theory that, as most persons are right handed and accustomed to turning to the right, it might be simply force of habit. "There is another peculiarity common with me did not think of," says the Record. "It is generally believed that the right side of a car is safer. An old traveler once said to the writer: 'In traveling always sit in the middle of a car and on the right hand side. The middle is safer than the ends in a collision, and the right side is not likely to be 'side swiped' by projecting objects on trains, cars or any vehicles passing on the adjacent track.'"

Observations at Baldheads.

"If you care to observe the bald-headed row," remarked the theater goer, "you will find that there is great variety in baldheads. There are circular bald spots, circular bald spots, elongated egg shaped bald spots, bald spots that are almost square and bald spots whose shape can hardly be described for the reason that they include the entire circumference of the head, with the exception perhaps of a right row of fuzzling fringe between the head and the neck. If it wasn't for the baldheads the theater would be a hore before the rising of the curtain."—New York Press.

Doings at Daytona Beach

DAYTONA BEACH, March 18.—Mrs. Alex. Helms, sycho-therapist, of Denver, Colo., is spending a short time in the city.

Recent arrivals at The Seaside Inn are: H. T. Cady and wife, Omaha, Neb.; E. A. Dunbrell and wife, Cincinnati; N. D. Wise, Nicholasville, Ky.; Mr. and Mrs. W. H. Thompson and son, East Liverpool, Ohio; Mary Dudley, Wheeling, W. Va.; F. A. Prevor and wife, Duluth, Minn.; C. F. Latimer and wife, Ashland, Wis.

W. F. Knight is having his front yard, on Valley street, graded to the level of the adjoining property on the north.

Marianne Laithin and Jackman, who, with their families, are spending the winter at Idlewild cottage, have returned from a week's outing at Palm Beach.

Jack Silverstein, who has spent the winter with Mr. Beardsley, on Valley street, left yesterday for his home, at Boston.

Edwin L. George and wife, of Mont Clare, N. J.; Mr. and Mrs. Henry Salmon, of Boston, N. J.; Thomas Smith and daughter-in-law, Mrs. F. H. Smith, of New York, are pleasantly located at Pineland.

Abraham Shuffey and wife, of Sheridan, Ind., arrived from St. Petersburg last night, and have taken rooms in the Hibbard apartment house. Mr. and Mrs. Shuffey spent a winter on Ridgewood avenue, Daytona.

Mr. and Mrs. Meyers, of Cincinnati, arrived from Palm Beach yesterday, and are located in the Hibbard apartment house. Mr. and Mrs. Meyers were here last winter.

A large sail vessel was in plain view at sea yesterday, probably fishing along the banks, as it remained in view some time.

Miss Bell Gothe, who has been under treatment at the Sanitarium, is sufficiently recovered to return home.

Mrs. George Kocher and Miss Carrie Gartrell, who are at the Hawkins apartment house have returned from a pleasant trip down the East Coast as far south as Knights Key.

Lewis Goodall and daughter, who have been here for several weeks will leave Saturday for Sanford, Me., and Ernest Goodall is expected to arrive from that place the same day.

A Remarkable Rose.

The Lapps are very fond of stimulating drinks. They think nothing of drinking fifteen or twenty cups of coffee a day, while their consumption of alcohol is a vast scale. It is no uncommon thing to see numbers of boisterously drunk natives in the streets of Tromso, especially when the sale of reindeer flesh has been profitable. Yet robbery and, indeed, crime in general are practically unknown among them. The hostile honesty of the people is quite extraordinary.—Wide World Magazine.

The Right Hand Seats.

The Philadelphia Record quoted an observant street car conductor to the effect that the right hand seats are always filled first. He could not account for this except on the theory that, as most persons are right handed and accustomed to turning to the right, it might be simply force of habit. "There is another probable reason which he did not think of," says the Record. "It is generally believed that the right side of a car is safer. An old traveler once said to the writer: 'In traveling always sit in the middle of a car and on the right hand side. The middle is safer than the ends in a collision, and the right side is not likely to be "side swiped" by projecting objects on trains, cars or any vehicles passing on the adjacent track.'"

Observations on Baldheads.

"If you care to observe the baldheaded row," remarked the theater goer, "you will find that there is great variety in baldheads. There are elliptical bald spots, circular bald spots, elongated egg shaped bald spots, bald spots that are almost square and bald spots whose shape can hardly be described for the reason that they include the entire circumference of the head, with the exception perhaps of a slight row of finishing fringe between the head and the neck. If it wasn't for the baldheads the theater would be a bore before the rising of the curtain."—New York Press.

Doings at Daytona Beach

DAYTONA BEACH, March 18.—Mrs. Alex Helme, sycho-therapist, of Denver, Colo., is spending a short time in the burg.

Recent arrivals at The Seaside Inn are: H.T. Cady and wife, Omaha, Neb.; E. A. Bushnell and wife, Cincinnati; N. D. Miles, Nicholasville, Ky; Mr. and Mrs. W. L. Thompson and son, East Liverpool, Ohio; Miss Mary Dickey, Wheeling, W. Va; F. A. Prevor and wife, Duluth, Minn.; C. F Latimer and wife, Ashland, Wis.

W.F. Knight is having his front yard, on Valley street, graded to the level of the adjoining property on the north.

Mesdames Laiblin and Jackman, who, with their families, are spending the winter at Idlewild cottage, have returned from a week's outing at Palm Beach.

Jack Silverstein, who has spent the winter with Mr. Beardsley, on Valley street, left yesterday for his home, at Duluth, Minn.

Edwin L. George and wife, of Mont Claire, N J.; Mr and Mrs. Henry Salmon, of Boonton, N. J; Thomas Smith and daughter-in-law Mrs. F. H. Smith, of New York, are pleasantly located at Pinehurst.

Abraham Steffey and wife, of Sheridan, Ind., arrived from St. Petersburg last night, and have taken rooms in the Hibbard apartment house. Mr. and Mrs. Steffey spent a winter on Ridgwood avenue, Daytona.

Mr. and Mrs. Meyers, of Cincinnati, arrived from Palm Beach yesterday, and are located in the Hibbard apartment house. Mr and Mrs. Meyers were here last winter.

A large sail vessel was in plain view at sea yesterday, probably fishing along the banks, as it remained in view some time

Miss Bell Griffin, who has been under treatment at the Sanitarium, is sufficiently recovered to return home.

Mrs. George Kocher and Miss Carrie Garlock, who are at the Bleekman apartment house have returned from a pleasant trip down the East Coast as for south as Knights Key

Louis Goodall and daughter, who have been here for several weeks will leave Saturday for Sanford, Me., and Ernest Goodall is expected to arrive from that place the same day.

A Remarkable Race.

The Lapps are very fond of stimulating drinks. They think nothing of drinking fifteen or twenty cups of coffee a day, while their consumption of punch is on a vast scale. It is no uncommon thing to see numbers of helplessly drunk natives in the streets of Tromso, especially when the sale of reindeer flesh has been profitable. Yet robbery and, indeed, crime in general are practically unknown among them. The innate honesty of the people is quite extraordinary.—Wide World Magazine.

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphalium-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls fill by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom, gamey food fishes in countless numbers berkoming, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican perch on a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and so the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Best and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and mellows of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the cultre city becomes a great park.

And so for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or evil-reborn one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "gunbee" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gaze into the mask, cutting furtive, antsy glances at you the meanwhile.

Flowers! Usually fresh and blooming the year 'round. In our yard rows of variegated hues predominate, another has a pearhant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds fill us, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are acres of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Advice to Smokers.

Here are a number of don'ts for smokers, some of which no doubt will surprise a good many men: Don't smoke directly after a meal. There is the most irresistible craving to smoke, but it is wiser to wait a half hour or an hour. Don't smoke out of doors to a high wind or in cold, frosty weather. In the former case it is dangerous, and in the latter it cracks the lips and prevents proper breathing. Don't smoke with the cigar or pipe held at the corner of the mouth. This excites the secretion of more saliva than when the cigar or pipe is held straight in front. And, above all, don't get in the bad habit of expectorating frequently when smoking. It is quite unnecessary and merely a habit and harmful.—St. Louis Post-Dispatch.

Prof. C. F. Suhlandt, a Hindoo mystic gave a very entertaining performance of his art in the "Living Room" at The Bennett last night.

The Prince George.

The following are yesterday's arrivals at The Prince George: A. J. Kilpatrick, E. A. Stauenegger, New York; M. F. W. Greasou and wife, Metuchen, N. J.; Mr. and Mr. Henry L. Lyon, Buffalo.

H. J. Kilpatrick driver of the "Red Devil," is a guest at The Prince George. Last year in the Jamaica speed trials he made a great record. Going over a rough road a mile in 38 2-5 seconds, two miles in 1.19 1-5. He won the Herald plaque, a silver cup, and the Jefferson DeMond Thompson cup at Stroudsburg, Pa. He won the Pocono gold cup in 48 2-5 seconds, a mile straightaway. Last summer he won the Canadensis hill climb, 1 mile in 23 1-5. He started in the last Vanderbilt cup race but in the fourth lap withdrew in good position because of a broken clutch. The "Red Devil" has been rebuilt for the Daytona races, and the owner, Mr. Kilpatrick, believes her capable of even greater speed.

"Senator" W. J. Morgan has made his reservations at The Prince George.

He Obeyed.

Murat Halstead, the great journalist of war times, went to General William T. Sherman's headquarters once for the "latest news from the front." Halstead was armed with many the introductory letters, but decided to rely mainly on one given him by Thomas Ewing, Sherman's brother-in-law. He found the general and presented Ewing's letter. The general opened it somewhat hesitatingly, read a few lines, folded it and said:

"Ah, you come from Ewing, and you desire to have all the latest news. The very probable move of our army, eh? Well, there's a train leaving this town for Cincinnati at 2 o'clock. Here, take this ticket and step over there and get your dinner and then get on that train."

"Well, but, General Sherman"—began the newspaper man. But Sherman turned him off.

"Go over and get a good dinner. We have plenty and always strive to treat our friends well. But be sure you don't miss that 2 o'clock train!" And Halstead obeyed.

Japanese Delicacies.

Under the head of "Japanese Delicacies" the Berlin Frauenblatt gives a list of some of the queer things which are served to citizens of the Flowery Kingdom who "have a refined taste." In the provinces where are so distant from the sea that fresh fish cannot be obtained readily, and where meat is not abundant, snakes and lizards are considered good food and are prepared in many ways. Grasshoppers rank among the real delicacies. They are always kept in captivity without food for a day, then boiled and decapitated and made legless. Heads and legs must be torn off, never cut. They are served in various ways, but dry, with a salad dressing, is the most popular. An insect of the sea family which lives in the earth is also much sought. This is served with sugar or honey when eaten raw, but it is also made into a porridge. The chrysanthemum exists not only in the poetry and art of the Japanese, but has an important place on the table, where it is met as salad, ready and nice.

Why, Indeed?

Mrs. Meeker—Wake up, John! I hear a noise downstairs. I'm sure there are burglars in the house. Meeker—Nonsense, my dear! Why should burglars want to make a noise?

The Modern Seven Wonders

Daytona's Incomparable Ocean Beach.

One of Daytona's crowning glories is her incomparable beach. No one who ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world-beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pellucid Halifax River.

Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy veranda's looking out upon her bosom, gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon her waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, their hampers and lockers bulging with refreshments both solid an liquid ready for a cruise upon her beautiful surface Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies, and the wide-spreading branches of the heavy-trunked live-oaks extend their giant arms across this magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfish draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps commands more nearly universal attention and praise than does the artistic cottage. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering "What next?"

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give to Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed but that such is a fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the little finishing touches which have brought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage, the entire city becomes a great park

And as for pavements, pavements that look and act like granite,—where else between the eastern and western seas are so many miles in proportion to inhabitants? Till some unheard-of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.

Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "squirrels and flowers, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare "goober" there is a bunny ready to come out and accept your gift. He will sit bolt upright and gnaw into the meat, casting furtive, saucy glances at you meanwhile.

Flowers! Usually fresh and blooming the year 'round. In one yard roses of variagated hues predominate, another has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes.

The Fastest Autos And The Finest Out.

Here is where world's records for speed are broken with every recurring season. Autos the biggest, the fastest and the finest are on daily parade and the big show is as free as the pure artesian water from the thousand flowing wells. It is a continuous show with constantly shifting scene. You will probably catch the spirit and when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down in your wallet only for coin for the auto and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Advice to Smokers.

Here are a number of don'ts for smokers, some of which no doubt will surprise a good many men: Don't smoke directly after a meal. There is the most irresistible craving to smoke, but it is wiser to wait a half hour or an hour. Don't smoke out of doors in a high wind or in cold, frosty weather. In the former case it is dangerous, and in the latter it cracks the lips and prevents proper breathing. Don't smoke with the cigar or pipe held at the corner of the mouth. This excites the secretion of more saliva than when the cigar or pipe is held straight in front. And, above all, don't get in the bad habit of expectorating frequently when smoking. It is quite unnecessary and merely a habit and harmful.—St. Louis Post-Dispatch.

The Prince George.

The following are yesterday's arrivals at The Prince George: A. J. Kilpatrink, E. A. Sturzenegger, New York; M. F. W. Greason and wife, Metuchen, N. J.; Mr. and Mr. Henry L. Lyon, Buffalo.

H. J. Kilpatrick driver of the "Red Devil," is a guest at The Prince George. Last year in the Jamacia speed trials he made a great record, driving over a rough road a mile in 38 2-5 seconds, two miles in 1.19 1-5 He won the Herald placque, a silver cup, and the Jefferson DeMont Thompson cup at Stroudsburg Pa. He won the Pocono gold cup in 48 2 5 seconds, a mile straightaway Last summer he won the Canadensia hill climb, ¾ mile in 23 1-5. He started in the last Vanderbilt cup race but in the fourth lap withdrew in good position because of a broken clutch. The "Red Devil" has been rebuilt for the Daytona races, and the owner, Mr. Kilpatrick, believes her capable of even greater speed.

"Senator" W. J. Morgan has made his reservations at The Prince George.

He Obeyed.

Murat Halstead, the great journalist of war times, went to General William T. Sherman's headquarters once for the "latest news from the front." Halstead was armed with many fine introductory letters, but decided to rely mainly on one given him by Thomas Ewing, Sherman's brother-in-law. He found the general and presented Ewing's letter. The general opened it somewhat impatiently, read a few lines, folded it and said:

"Ah, you come from Ewing, and you desire to have 'all the latest news,' the 'next probable move' of our army, eh? Well, there's a train leaving this town for Cincinnati at 2 o'clock. Here, take this ticket and step over there and get your dinner and then get on that train."

"Well, but, General Sherman"— began the newspaper man. But Sherman waved him off.

"Go over and get a good dinner. We have plenty and always strive to treat our friends well. But be sure you don't miss that 2 o'clock train!" And Halstead obeyed.

Japanese Delicacies.

Under the head of "Japanese Delicacies" the Berlin Prometheus gives a list of some of the queer things which are served to citizens of the Flowery Kingdom who "have a refined taste." In the provinces which are so distant from the sea that fresh fish cannot be obtained readily, and where meat is not abundant, snakes and lizards are considered good food and are prepared in many ways. Grasshoppers rank among the real delicacies. They are always kept in captivity without food for a day, then bathed and decapitated and made legless. Heads and legs must be torn off, never cut. They are served in various ways, but dry, with a salad dressing, is the most popular. An insect of the bee family which lives in the earth is also much sought. This is served with sugar or honey when eaten raw, but it is also made into a porridge. The chrysanthemum exists not only in the poetry and art of the Japanese, but has an important place on the table, where it is met as salad, candy and stew.

Why, Indeed?

Mrs. Meeker—Wake up, John! I hear a noise downstairs. I'm sure there are burglars in the house. Meeker—Nonsense, my dear! Why should burglars want to make a noise?

PACKARD CAR WINS RACE.

* * *

A Packard roadster, owned by Mr. Louley, of South Ridgewood avenue, a Stevens-Duryea, owned by Mr. Rockwell, and a Stearns car went a 5-mile race in good time on the beach yesterday. A speed of about 60 miles an hour was maintained.

The Packard won by about a minute, the other two cars coming in together. Each car carried one passenger besides the driver. The Stevens-Duryea car was geared for hill climbing and therefore was put to a disadvantage.

There was much interest in this initial performance and the crowds of spectators on the beach at various places along the route were estimated to be a thousand.

PACKARD CAR WINS RACE.

A Packard roadster, owned by Mr. Lozier, of South Ridgewood avenue, a Stevens-Duryea, owned by Mr. Rockwell, and a Haynes car went a 5-mile race in good time on the beach yesterday. A speed of about 65 miles an hour was maintained.

The Packard won by about a minute the other two cars coming in together. Each car carried one passenger besides the driver. The Stevens-Duryea car was geared for hill climbing and therefore was put to a disadvantage.

There was much interest in this initial performance and the crowds of spectators on the beach at various places along the route were estimated to be a thousand.

High School Entertainment.

"Mrs. Briggs of the Poultry Yard," will be presented at the Daytona opera house, opposite the Halifax River Yacht Club, on South Beach street, Friday night by members of the Daytona High School, who have been drilling for several weeks in preparation for the play, which is evidently a parody on 'Mrs. Wiggs of the Cabbage Patch." The play will be given again Monday night in the Casino of the Hotel Ormond.

Encourage the high school, in this effort to raise funds for a school library, by attending the play and at the same time enjoy a pleasant evening. The Clarendon orchestra will furnish the music.

LOCAL ITEMS.

With reference to the notice in yesterday's Daily News entitled—"Protect the Rookeries," the birds referred to, should read, the "little Blue Heron," instead of the "Pelican." The pelicans seen in this vicinity are mostly birds from the United States Government Reservation, Pelican Island, Indian river, near Sebastian.

Thos. E Wood, of Ashtabula, Ohio, who with Mrs. Wood, is a guest of The Glenn on North Beach street, says that he was in Daytona or what is now the City of Daytona thirty-five years ago and says at that time there was one store and a saw mill. He has been trying since his arrival to get his bearings and locate the positions of these and the few other buildings which then comprised the town.
